## BIO

Erik Bergstrom is a comedian and cartoonist who lives in New York City.

He's been on The Late Show with Stephen Colbert and his Comedy Central Half-Hour was released in 2016. He has also appeared on MTV, VH1, TruTV, Fuse, Sirius XM, and has been featured by VICE and BuzzFeed.

His cartoons have appeared in *The New Yorker* and in his book "Grimmer Tales", which was released by Penguin Books in the U.S. and Sweden.

In 2015, he was diagnosed with stage IV Hodgkin's lymphoma, which he is in remission from, but despite all his efforts still lives like a divorced 3rd grader. He just recorded his comedy album "Serious Goose" which will be released this fall.

## BOOKS

### **Grimmer Tales**

Plume (December 9, 2009)

**A hilarious collection of upended fairy tales that will recast your classic family favorites in an all-wrong light.**

Remember those beloved fairy tales you read as a child? Where the damsel in distress is rescued by the handsome prince and then they all live happily ever after? Well Grimmer Tales is just like that. Minus the happy and the ever after!

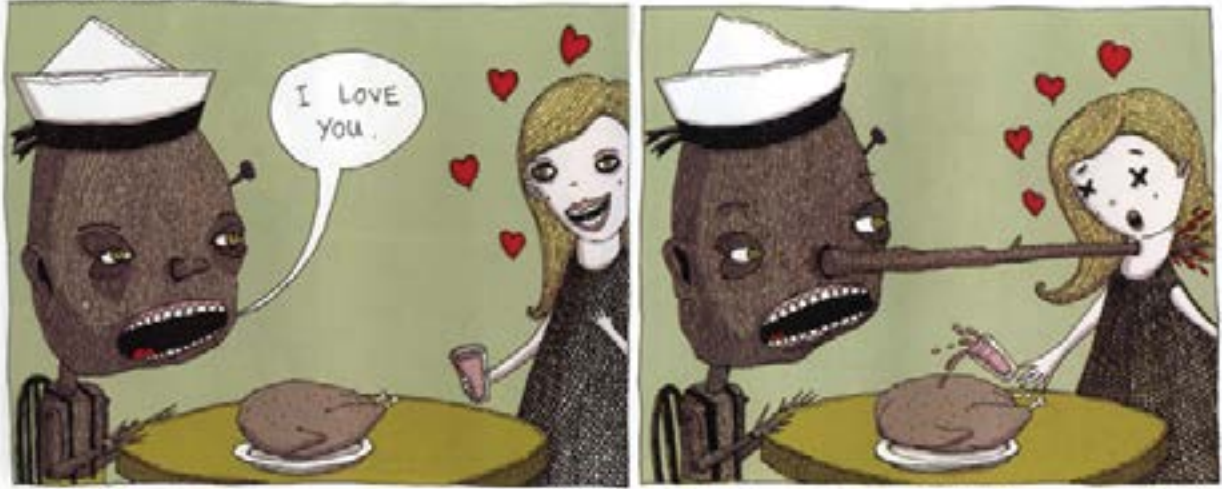

In these pages you'll find classic tales twisted, tweaked, and riddled with morbid humor. Little Boy Blue blows his brains out, Pinocchio impales his dentist when asked if he's been flossing and Rapunzel's head comes off at its stem when her prince charming climbs the tower.

Get ready for your nostalgia-o-meter to flicker enthusiastically while shivers course up your spine at the all-wrong acts committed by the heroes and heroines of yesteryear.
